

GJSCI participates in NITex, Nagaland

Gem & Jewellery Skill Council of India participated in Nagaland International Trade Expo (NITex). The event was held from 24th-27th November and was inaugurated by the Chief Minister of Nagaland TR Zeliang at the Agri Expo Site at 4th Mile Dimapur.

The aim to participate in the event was to identify the scope for skill training in the North east. We observed that many women are already engaged in fashion jewellery and selling them through social media, hence there is a need as well as scope of skilling & up-skilling the artisans.
